Service of

SOCIAL SECRETARIAT

Welfare and solidary and inclusive city department

THE SOCIAL SECRETARIAT SERVICE:

- **provides news and information** on the social and health services on the field and in the socio-health district;
- **listens to the citizens needs** and helps them choose the most useful service in relation to the expressed need;
- **provides information** about how to access the services; manages the applications to services by citizens/users;
- **carries out advisory activities** to both citizens and associations and third sector entities regarding the active services in the area;
- helps citizens in filling out applications for access to services or for participating in public notices;
- **it is a "social antenna"** in the detection of the emerging needs in the society;
- It is addressed to **Italian and foreign citizens** in the city;
